

"PUT ON METERS" SAID MR. DOIG

Talk of President Eddins Brought
Up Considerable Discussion.

"PAY FOR WHAT YOU GET"

Councilman Doig, who is also manager of a company which uses large quantities of water, will trot on same track with meter users.

The city municipal legislature convened in regular monthly session Monday evening, there being a full board present.

There was little business transacted at this meeting, however, further than the payment of the regular monthly bills.

Among the most important business transacted was a resolution requesting Chairman Doig of the water committee to install meters at the plants of the Eddins Manufacturing Company and the Gainesville Gas and Electric Light Company. It will be remembered that at the meeting of the council in December the question of water rent for the Eddins Manufacturing Company was brought up. Councilman Doig, who is chairman of the water committee, is manager for the Gainesville Gas and Electric Light Company. He stated that his company was paying a certain sum (in the neighborhood of \$60 per annum) for water to fill the boilers, and that the Eddins Manufacturing Company was enjoying the same service for one-fourth the money. Alderman Doig also cited the Gainesville Planing and Coffin Mill, which was paying as much in proportion as the Gainesville Gas and Electric Light Company for water, and he did not fail to express himself frankly in this matter. The result was that a resolution was passed raising the water rent of the Eddins Manufacturing Company from \$15 to \$60 per year, beginning January 1, 1905.

At the last meeting J. R. Eddins, president of the firm, appeared before the council in person. He stated that he thought the raise an injustice, as his company did not use \$60 worth of water a year, and he asked for a reduction in the matter. "If Mr. Eddins thinks he does not use that much water in a year let him try a meter," remarked Alderman Doig, who is converted to the meter system in all its branches. "If he does not use that much water a year, and he goes on the meter system, then he is that much in; if he uses more, then he is the plus rate out."

Manager Doig, who has been paying what is termed a flat rate for water, was perfectly agreeable to having his water supply placed under the meter test, with the result that a motion was made and carried instructing the installation of meters at both places.

After a vote of the council to donate \$20 towards the erection, etc., of the public drinking fountain which is being installed by the Woman's Christian Temperance Union, and a few minor affairs, the council adjourned.

MISS HAMPTON APPOINTED.

Will be Private Secretary to State Superintendent Holloway.

The numerous friends throughout the State of Miss Clem Hampton will be pleased at the information that she has received the appointment of private secretary in the office of State Superintendent of Public Instruction Wm. M. Holloway.

Miss Hampton has been the efficient assistant to the principal in the Gainesville Graded and High School, but this will necessitate her resignation, as she will assume her duties at Tallahassee at once. While the people of Gainesville, especially the patrons of the school, will regret very much to lose her, they nevertheless congratulate her upon this appointment, and it goes without saying that she will fill the position well.

Miss Hampton is attending the meeting of the Southern Educational Board and State Teachers' Association at Jacksonville, from which city she expects to proceed to Tallahassee.

A Grim Tragedy

Is daily enacted in thousands of homes, as death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated, the tragedy is averted. F. G. Huntley of Oakland, Ind., writes: "My wife had the consumption, three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One now relieves. Guaranteed at 50c and \$1.00 by all druggists. Trial bottles free.

MOZLEY'S LEMON ELIXIR

REGULATES THE
LIVER,
STOMACH,
BOWELS,
KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

ARE READY TO RETURN.

Will Not Hesitate to Testify in Dodge Perjury Case.

New York, Jan. 2.—Mr. and Mrs. Charles W. Morse, of this city, whose matrimonial affairs have attracted so much attention throughout the arrest of Charles Dodge, Mrs. Morse's former husband, on charges of perjury, are in London, according to an American dispatch from that city.

Morse, who is a wealthy banker, and former president of the American Ice company, is perfectly willing to return to New York at once, according to his friends, should his lawyers say it is necessary for him to appear before the grand jury in the perjury case of Dodge.

Mrs. Morse has already made some affidavits in the case and these are now on their way to New York. In spite of the legal tangle of divorces and annulled decrees, the correspondent adds, the couple still consider themselves legally wedded.

Kiss Caused Young Woman's Life. Loganport, Ind., Jan. 3.—Florence Mitchell shot and killed Ella Swisher early Sunday during a dance at a road house near here. Both are young women belonging to respectable families. Miss Swisher had danced repeatedly with C. L. Morgan, and as she left the dance kissed him. As she did so, Miss Mitchell drew a revolver and fired at her. The second shot was fired as she went through the door, and the third, which penetrated the heart, was fired a moment later. Miss Mitchell has not been caught.

VALUABLE ESTATE SOLD.

Fine Plantation at Hague Bought by J. G. Dampier and W. C. Hague.

One of the important country transfers occurring in Alachua county since the sale of the John Fennell estate at Bennington to N. A. Callison and others was the transfer of the magnificent Hague estate to John G. Dampier and W. C. Hague, two progressive farmers, which transpired Monday.

This tract is situated in the vicinity of Hague, and in fact includes that progressive little village. The tract comprises eight hundred and forty acres of fertile farming lands, largely timbered, and is one of the most valuable tracts in the county.

The land is partially cultivated, and among the best crops in Florida are harvested from its fields. These crops include cotton, corn, oats, and grain of all kinds with the exception of wheat, sugar cane, sweet potatoes, peanuts, hay—in fact everything of standard crop value. There are also several hundred acres of pine timber, which have been leased for turpentine purposes to Padgett & Black. When the turpentine has been secured the timber will be sold for saw mill purposes, which will clear the land.

Mr. Dampier and Hague have acquired one of the finest tracts in Florida, and friends congratulate them.

May Be Case of Suicide.

Atlanta, Jan. 3.—The police have been asked to make every effort to find Clara Belle Brantley, a young woman aged 18 who has mysteriously disappeared from her home, No. 103 Windsor street. Her relatives believe she has committed suicide and that her case will prove to be similar to that of Sophie Kloeckler, who drowned herself in the lake at Lakewood last summer. It is said that the girl was very despondent and that she had made statements which now induce her relatives and friends to believe she has taken her own life.

You Must Sleep.

If you cannot, it is due to an irritated or congested state of the brain, which will soon develop into nervous prostration. Nature demands sleep, and it is as important as food; it is a part of her building and sustaining process. This period of unconsciousness relaxes the mental and physical strain, and allows nature to restore exhausted vitality.

Dr. Miles' Nervine brings refreshing sleep, because it soothes the irritation and removes the congestion.

It is also a nerve builder; it nourishes and strengthens every nerve in your body, and creates energy in all the organs.

Nothing will give strength and vitality as surely and quickly as Dr. Miles' Nervine.

"During the past winter I had two attacks of LaGrippe which left me very weak, and in bad condition. I was so nervous I could not sleep. My wife, after trying different remedies, went for a doctor. The doctor was out, and a neighbor recommended Dr. Miles' Nervine, and she brought home a bottle. I had not slept for some time, and had terrible pains in my head. After taking a few doses of Nervine the pain was not so severe, and I slept. I am now taking the second bottle, and am very much improved."

HENRY M. SMITH, Underhill, Vt.

Dr. Miles' Nervine is sold by your

druggist, who will guarantee that the

first bottle will benefit. If it fails, he

will refund your money.

PRODUCE AND SAVE

YOUR MEAT

For the information of those who desire to have their hog meat cured in our cold storage we recommend the following method of preparation:

As soon as the butchered animal has cooled down, cut up and trim to perfect shape, leaving chine bones on hams, and blade bones on shoulders; salt in the usual manner, using not more than 10 pounds salt; 2 ounces brown sugar; 2 ounces saltpeter and 1 ounce red pepper to each 100 pounds of meat. It should reach the cold storage not later than three days after so prepared. If any additional salt is needed after reaching us, we will supply it. Leave in cold storage 45 to 60 days, according to size of meat. After taking from cold storage wash in warm water and dry, then wrap or sew up closely in muslin, so as to prevent attacks from flies or other insects; hang up and smoke at intervals for three weeks. It will take smoke perfectly through the muslin. When dry, take down and pack in boxes, a layer of old straw, then one of meat, etc., and you will have as fine meat as can be produced, until following season.

Parties having railroad facilities may with perfect safety ship by freight and have it returned same way. Mark plainly to us and also your name on box or barrel and mail us bill of lading. Prepay freight at shipping point. Our charge for storage is one cent per pound for one month. We also wish to buy hogs dressed. We solicit patronage in perfect confidence to give entire satisfaction, and feel that our service is of the greatest benefit to the farmer. Yours for home-made meat.
